

## BCWG November 2021 Meeting Minutes

**The November meeting was held at Jim Woodfin's Shop  
The next meeting will be on Tuesday, January 18 at 7 PM  
on Zoom (link will be sent to members)**

President Dennis Szymanski called the meeting to order.

### Announcements

Ed Laber still has a B&D 10 inch radial saw available with terms open for negotiation. Ed also brought some miscellaneous carving tools free for the taking.

Anthony Sergio is selling a Saw Stop table saw and will email further details to Guild members. He also has a damaged Powermatic 6" joiner available for anyone interested.

Louis Nordell has a drilling machine available at the cost of a 6-pack of beer!

Chris Cook has some miscellaneous white pine available at a reasonable price.

Brian Carlson has resigned his position as Guild IT Manager. Chris Cook graciously agreed to take over the officer-level position and was unanimously approved by voice vote of the Guild.

### New Business

The existing slate of Guild Officers (including Chris Cook's new position) was unanimously reelected by voice vote of the Guild. The Guild officers are as follows:

President	Dennis Szymanski
Vice-President	Mark McGrane
Controller	John DeLapa
Secretary	Lindsey Smith
IT Manager	Chris Cook

The services of these individuals is greatly appreciated.

The Guild's Christmas project build session for the Benton Harbor Readiness Center will occur on Saturday, November 20 at Tom Hurst's shop at 4329 River Road, Sodus beginning at 9 AM. Volunteers are encouraged to join this worth-while endeavor.

### Demonstration

Jim Woodfin provided a very interesting talk and demonstration on how he constructs custom curved moldings for his customer's windows, doorways and entrances. This included a very elaborate glue-up jig and a special molding cutter which creates the desired profile on curved sections of molding. This was likely the first time that most Guild members had witnessed such a process and it generated many questions. A job well done Jim!

### Show & Tell

#### Keith Carr

Keith brought several basswood Kumiko-style shapes.

#### John De Lapa

John brought a walnut plaque dedicated to a family friend named "Leo." Leo's name was emblazoned using a number of proof set coins.

#### Chris Cook

Chris displayed a well constructed catalpa and white oak desk drawer which featured dovetails and ash runners. John DeLapa was pleased with the wood choice.

**Roger Bredeweg**

Roger showed a pair of walnut and maple kitchen utensil bins. These units were quite attractive and utilized a distinct grid pattern that required some fairly involved construction techniques.

**Wayne Rendell**

Wayne brought some pictures of a live edged red oak trestle table that he recently completed. As is the case with most of Wayne's work, the table is quite robust and attractive.

**Anthony Sergio**

Anthony's project was a beautiful mallet made from curly maple and walnut which featured a deep "through tenon."

The "Sawdust in the Hat" drawing for a Lowe's \$25 gift card was won by Wayne Rendell.

Regards, Lindsey Smith Secretary
